SOCIAL NEWSA FAMILY AFFAIR

What a proud moment for Bruce Wilkinson when he officiated at the presentation of trophies for the Club Championship. Number one son, Tony, was a convincing winner of the Men's Championship. This in itself should have been enough, but if you look closely at the results it is apparent that if all the boys were eligible for membership it would have been an all Wilkinson event.

ANNUAL DINNER DANCE

A happy 'mob' of Warrugangsters and friends attended the Annual Dinner Dance at Pfahlert's Hotel. Margaret Emery was stunning in a culotte with a low cut sleeveless top covered with a Perisher Ski Patrol parka. Margaret is to be congratulated as winner of the Downhill, Slalom and Langlauf ladies events. Needless to say, Margaret is our Ladies Champion for 1971 season and was presented with her trophies at the Dinner Dance.

WEEKLY RACES

Thank you to Jurgen (Jack) Manthey who was instrumental in reviving the weekly race tradition at Warrugang. Jurgen not only made sure that the race took place but set most of the courses himself and kept records or times and winners or the various sections. Most important he sent a copy of these results to your Editor and most have been included in past magazines.

SEASONS GREETINGS

We have received cards from Pat Errecaret and Ray Ferguson and his wife Lorraine. Both these members are at present in Canada, no doubt enjoying a white Christmas season.

To get back to weekly races, there follows a list of winners from weeks not yet published.

20 August.	Clair Keating	Jan Jankowski
27 August.	Henrietta Cain	Stefan Mielewski
3 September.	Sally White	Michael Wilkinson
10 September.	Susan Allsop	Bruce Keating
17 September.	Pam Bible	Ian Kershaw

# PAST DIRECTORS

Rather belatedly Warrugang News Magazine gives tribute to two of its past Directors - Ken Wood and Bob Neil. Ken has gone to Brisbane to live and Bob to Helsingør (Denmark). Their inability to accept nomination for the 1971 Board of Directors is obvious. The Board will miss them both, and are sure that all members will join with them in wishing both Ken and Bob every happiness in their new positions and homes.

## KEN WOOD

Ken joined the old (unincorporated) Warrugang Ski Club on 20th September 1954. The old Club was incorporated into the present Company Warrugang Ski Club Limited on 23rd December 1954. Records start with the Inaugural Directors Meeting of 8th February 1955. Officially I can only give an account of Ken's contribution to the club from that date. However the early members of the club give testimony to Ken's interest and enthusiasm from his earliest contact with the Club.

First elected to the Board of Directors by ballot on 12th December 1958, Ken held a series of responsible positions on the Board. He was appointed Building Supervisor (14/12/58), Treasurer (30/11/59), Vice President and Treasurer (15/3/62). On 20/3/63 Ken was appointed President of the Club and retained this office until 29/4/69. He remained a Director until he retired at the beginning of 1971.

Ken's record term of 13 years on the Board with 6 of them as President only tell part of the story. Few of us would be privileged to know all the many contributions Ken made to Warrugang and indeed, skiing in general. He saw the Club grow from its earliest foundations, the additions of electricity (replacing our own generator), water (replacing our own dam), improved accommodation, introduction of catering management and was even present during our fire at Easter 1970.

Always a strong supporter of skiing, Ken has taken a leading role in the Perisher Ski Association for many years. Starting as our Club delegate Ken rose to the position of Secretary which he held until his recent move to Brisbane. He has seen all the problems associated with the Perisher Valley Development and been active in gaining recognition and consideration for all Ski Clubs.

Space does not permit a fuller account of what Ken has contributed. Older members will remember the delicate nature of negotiations with Ski Sports over booking money (in 1962), negotiations with the then K.S.P.T. and Minister for Lands over our lease, and many other situations Ken has helped guide to satisfactory results for Warrugang.

Ken, we say thank you for your conscientious and devoted contributions to the development of Warrugang.

.....

## PAST DIRECTORS

.....

BOB NEIL

Bob joined the Club on the 18th May 1960. From the very beginning he was an ardent and enthusiastic supporter of all things pertaining to the Club and Club life.

He was not a seeker after the limelight. Bob preferred to display his support and enthusiasm just as a staunch member of the Club. He contributed regularly to Warrugang News Magazine. His articles varied from delightful renditions of his skiing holidays to provocative articles aimed at stirring Club members out of their apathy. Bob also wrote in wider vein about Perisher Valley matters. One stirring article on safety was subsequently reprinted in 'Ski Australia' - it was so highly thought of by the Editorial staff.

Easter work parties invariably included Bob as an initiator and group leader. Many mundane things could be mentioned but the most lasting of Bob's work party achievements was the stone wall round the oil tanks and along the rear of the Lodge. Less determined people would have stopped part way. Bob's determination, encouragement and example kept his happy assistants at the task until it was completed.

A keen racer, Bob was always available to help set or stamp courses for the weekly races. He encouraged participation by all Lodge residents.

Above all else Bob put the Club first and many will testify to this. A stickler for fair play he was not afraid to speak out when the need arose.

Bob's keenness and enthusiasm were noticed from the very beginning. However it was not until March 1968 that Bob was finally persuaded to join the Board of Directors. He continued his unselfish contributions to the Club's progress. Needless to say Bob was a willing worker and always ready to assist with the load of work that the Board has to perform.

Bob will be sadly missed from the Board and from the Club. His new home in Denmark is too far away for us to expect to see Bob at Warrugang too often. However he will be pleased to see any Warrugang member who should journey to his side of the world.

To Bob and Lillian, we thank you for all you have done - for your inspiration, for your hard work. The Board of Directors and the members all wish you every success and happiness in your new life.

## CLUB HISTORY

.....

The Club has come a long way from the early days of the 50's. For various reasons many of the early members have had to retire from membership. With them go many aspects of the Club's beginnings which have not been recorded for posterity.

The Board would like to record and publish the early days of the Club. It would thus be appreciated if members could pass on to the Board (letters etc., to Box 1075 G,P,O, Sydney) any information they have, or can write about. These items could relate to how the Club started, where it started, who were responsible for starting it, interesting information about people and the early days of the Lodge. Contributions may be acknowledged or remain anonymous as desired by the member concerned.

As well as historical information we would also like to receive copies of the words of well known songs which people enjoyed singing at the Club. If we can get enough we would like to produce a songbook and perhaps even have a 'sing-in'.

WE LOOK FOR YOUR SUPPORT.

George Failes  
Hon. Secretary

LODGE ALTERATIONS

On the 18th/19th March and again on 8th/9th April, Directors visited Perisher Valley for the purpose of inspecting the work carried out on the Lodge.

We found the work well in hand.

The Lodge now has a very distinctive appearance, the roof line has been extended with the rear section falling away at a greater angle than the front. This gives a good outline from all aspects. The appearance is also enhanced by the enlarged annexe off the kitchen, this measures 8' by 14' with walls extending to the same height as the rest of the building. This section has two sets of double windows facing the road and a roof line complementing the main roof.

Exterior cladding has been renewed along the kitchen wall around the back of the Lodge to the end of what was the Men's dormitory. Internal stairs and Fire Escape stairs are in position. The new rooms upstairs have the floors down and walls are framed in position, their shower floors have been laid and plumbing is in place. All the old plumbing that was in the ceiling has been renewed and relocated to provide better pressure throughout the Lodge and easier access for maintenance. The Electrician has wired to new points and renewed old wires where necessary. Downstairs the dormitories have been remodelled to become rooms, and the drying room has been enlarged by removing the wall to the small storeroom.

During the visit on 18th/19th March we took the opportunity to clear out debris from the ceiling area and replace insulation bats to best advantage. On this visit we also conferred With the Architect, Builder and Plumber making minor alterations to plan to make the Lodge more comfortable and workable. The woodheap area was excavated and sloped away from the Lodge on 8th/9th April so that run-off water will not cause problems. Thanks Bram and Jim. It might be pertinent to mention that some aspects of our renovations are necessary to comply with local building regulations and to meet the demands of the 'Flower People' (NPWS).

Other visits will of course be made to the Lodge as building progresses and we will have further reports in future issues.

NEWS ITEMS

THIS IS THE YEAR OF THE TENTH WARRUGANG SKI CHAMPIONSHIP

So get yourselves organised Ladies and Gentlemen and join us on 16th September. Every member is eligible to enter

SKI AUSTRALIA MAGAZINE

Publication of Ski Australia Magazine has been temporarily suspended.

ABSENT FRIENDS

We have heard that Bob and Lillian Neil are settling down nicely in Denmark. Bob has taken a part time position teaching English at a night school in order to improve his own understanding of the Danish language. Only a man of Bob's character would think of something like that. In all their correspondence Bob and Lillian send greetings to their Warrugang friends.

DECORATIONS

Following renovations there will be many places in the Lodge for decoration, walls stair ways etc. Some suggestions have been plaques dried flowers and the like. If you have any ideas or are prepared to make a contribution of some sort please contact us through Box 1075 G.P.O. Sydney or telephone one or the Directors. All suggestions gratefully accepted, final choice will rest with the Directors.

THE STORK

Busy, busy, busy. Ron and Margaret Sim have a new son (Alistair) born in January. Barry and Lois Elphick have a daughter (Loren Ainslie) born on 5th April. On the list for later this year are the Failes and Mantheys.

SWAP SHOP

We have a member Brian Budden who has a pair or Ogasaka skis size 200 for sale with Salomon bindings (step in). These skis were new in 1971 season and have hardly been used. Brian is asking \$90 and will no doubt negotiate. Contact may be made by telephoning 637-6058(Sydney) or through Ian Kershaw at Canberra 51-2328 during business hours. Ian Kershaw also has a pair or Kastinger 'Golden K' boots size 11  $\frac{1}{2}$  for sale, bought 1971. They are epoxy reinforced, with clips. Price \$20. Further details may be obtained from John Bible also at 451-7332

## NEWS ITEMS

### AMBULANCE INSURANCE

The cost of Ambulance Insurance for the 1972 season has been raised to \$1 per person per week. Directors have decided to subsidise payment of this fee to the extent of 50c for all persons staying in the Lodge. Remember, as a guest of Warrugang Lodge you are automatically covered for this Insurance. We ask you to contribute the remaining 50c fee when asked to do so by the Lodge Manager.

This Insurance covers the transport of injured skiers to Cooma Hospital when necessary. Normal cost of this service to non participants of the scheme is \$86.

### OFF SEASON CATERING

Jurgen and Leslie ARE available to cater off season. This must be a mutual agreement between the parties involved and prices may or may not be comparable with those currently in force during the season. We suggest that those interested contact Jurgen or Leslie before their intended stay at the Lodge.

### NEW SEASON SKIS

Are you in the market for a new pair of skis this season? Contact Tony Wilkinson, a friend of his is agent for a new import 'Schwendener' skis. Never heard of them? Well, Tony tells me they are new to the Australian market but are from the largest Swiss manufacturer of skis. They compare very favourably with other top grade skis previously available and prices range from \$100 to \$160. There are six types of ski to suit the most discerning buyer.

### VALLEY TERMINALS

They are all gone except for No. 1 in centre valley. We are now over snow commuters. This action MAY make it easier for the Bus Company, the over snow contractor and people who normally join buses at No. 1, BUT WHAT ABOUT US, all the Lodges in our section of the valley? We were not asked to voice an opinion on this matter or given any prior notice. I wonder how many police will be needed to control queues? Well, forewarned is forearmed they say, so be prepared.

NEWS ITEMS

CHEAP AIR FARES

For what it is worth Airlines of New South Wales offer the following OFF PEAK concession fares to Cooma. Period July 1st to September 24th.

OFF PEAK FLIGHTS

- (a) All flights scheduled to leave Sydney for Cooma AFTER 1300 hours on Saturdays and Sundays.
- (b) All flights scheduled to leave Cooma for Sydney BEFORE 1300 hours on Saturdays and Sundays.

The fare on these flights will be \$8.95 single and applies to all adults, students and children.

This information came to our notice recently and is offered to members in the hope that someone may benefit thereby. A close look at the flights offered would seem to preclude ardent skiers, unless they were going for an extended period, then the loss of two days skiing would not be a handicap. Normal single fare is currently \$17.90.

SCUTTLEBUTT FROM THE COMPANY

We have been told by Stan McGuinn that prices in the Valley this season will be much the same as 1971. Day Tickets \$5.50, Strip tickets will now only give 6 rides for \$2. The Company plans to introduce period tickets during the package deal off peak season. These will cost \$26 for 6 days all lifts and \$30 for 7 days all lifts. Price also includes 5 days class lessons if required, but no rebate is available if lessons are not taken. The idea apparently is that most people in package deal period take lessons. By doing a little arithmetic though it is obvious that there is still a saving on Day ticket prices. Lets hope this system is extended to full season in the near future.

Work has been done on the Chair Lift, capacity has been increased 20% by the addition of more chairs and it is hoped that permission will be given for an increase in speed by a further 20%. Overall effect hoped for is a 30% increase in efficiency. If the Department of Labour and Industry approve trip bottom to top can be speeded up to take  $8\frac{1}{2}$  minutes. Ejector type chairs will NOT be provided.

Continued overleaf

NEWS ITEMSSCUTTLEBUTT FROM THE COMPANY (Continued)

Another 'Ratrack' has been purchased to groom slopes and snow making equipment between No. 1 lift and the duplex lift has been extended to ensure good cover in this area at all times.

By 1973 season it is hoped to have a lift in the area of Back Perisher probably starting in Sun Valley. This project has been under way for some time now and latest feasibility studies have been promising.

Negotiations are reaching finality for a Weather Station in Perisher Valley, it is hoped that the Station will be established for 1972 season, giving reports to newspapers only for the first season. Telephone weather reports should follow by 1973 season.

SKI PROFICIENCY TESTS

The Australian National Ski Federation and Ski Council of New South Wales revised ski tests last year and prepared the following list of tests.

NEWS ITEMSThe Lodge

I am happy to report that the Lodge renovations are complete and we now have a Lodge with accommodation facilities that are on a par with any in the Valley. It would be impossible to record the untold hours of time and effort put into this project by your Directors and Club members. This is the spirit of Warrugang, and while this spirit flourishes we will always have a great Club.

There is one person who has been instrumental more than any other in seeing that these renovations came to a successful conclusion, Bruce Wilkinson. Bruce has guided the Board in every stage of the work and made our task lighter by his keen appraisal of the situation in hand. And of course it has fallen to Bruce to convey decisions of the Board to the Architect and Builder, no mean task in itself. What can we say to Bruce, and to all those who so unselfishly gave time and effort to ensure that Club members could enjoy their skiing holidays in greater comfort, other than a sincere 'thank you'?

Membership

Membership residences are as follows; Sydney 141, N.S.W. Country 32, Canberra 10, Queensland 3, Victoria 3, Tasmania 1, (Hi Bruce) Western Australia 3, Canada 5, U.S.A. 1, Papua & New Guinea 1, Fiji 1, Northern Ireland 1.

Ski Safely

As the Australian Ski season gets under way, doctors in Switzerland are counting the dead and injured at the end of their alpine season. Several youngsters lost their lives crashing into trees, 10 were buried by avalanches, 8 fell into abysses - and 30,000 broke legs.

If you are not completely sure of your bindings join Jurgen on Sunday mornings when he gives guests the benefit of his skiing experience in a safety talk and binding check. Jurgen is very thorough and we recommend his advice to all, including the 'old hands'.

Lodge Safety

Since our renovations we now have a FIRE EXIT from the top hallway and another leading onto the verandah outside rooms 1 and 4. Please make yourself familiar with the new layout of the Club and ask the Manager if you have any doubts as to the whereabouts of fire exits. Existing entrance doors to basement and verandah (off common room) remain unaltered.

NEWS ITEMSThe Stork

Congratulations to Max and Merilyn Gault who had a daughter earlier this year. Also to Ray and Lorraine Ferguson, whose daughter was born in Canada at Easter time. The Fergusons have bought a house in Canada and obviously expect to stay for some time yet. They send greetings to all their Warrugang friends.

Absent Friends

Bram Van der Kaag has been in the United Kingdom and other points North on a combined business and pleasure trip. This was a quick trip as Bram was determined to get as much skiing done in Perisher as possible this season. Douglas 'Bos' Brown has eventually sailed on his overseas adventure in a yacht he built himself. Good luck to you 'Bos', we all envy you. George Failes is also absent temporarily from the Sydney scene on a business trip to Tennant Creek.

Ball and Chain

Michael Saddington was married earlier this year to a charming girl by the name of Christine. They dropped in at the Lodge on the 4th June to see our new rooms and caught us in the middle of a minor upheaval (work party).

BUS TERMINAL

Members and Friends are reminded that THERE IS ONLY ONE TERMINAL IN THE VALLEY. All other Terminals have been removed and it will now be necessary to use oversnow transport or walk from centre Valley to the Lodge. Better get those packs out of mothballs. I repeat that we were not given any say in this matter, indeed we only found out by our observations on work parties in the Valley.

Electric Blankets

The Club has purchased a supply of electric blankets. These are on hire to guests at the rate of 20c per night or \$1.40 per week. Please let the booking officer know if you require this facility during your visit. Let the booking officer know BEFORE you go, of course. Married couples (etc) are warned that beds in the upstairs rooms are only 2'6" wide and your normal warming arrangements may not be satisfactory.

NEWS ITEMSMore Absent Friends

Dick Archer is alive and well in the sunny Mediterranean, he has been seconded to Olympic Airways for a spell. Dick is apparently suffering from an acute case of writers cramp and sends greetings via this magazine to all his friends.

Bob Dryburgh and his wife Nicki are just about through their second winter season in Canada. They grouped together with about 15 other young people and took a lease on a chalet near Collingwood. They tell us that they have been Skiing nearly every weekend on slopes comparable with those in Perisher Valley. Bob and Nicki hope to return to Australia for the 1973 season and in the meantime wish all members a first class season for 1972.

Technique

There are a great many parallels between good skiing and good sex. Like sex, skiing can give you a unique kick. Like sex, skiing is most enjoyable when you are relaxed, when you have left inhibition and repressions behind. Generally speaking, a relaxed, confident, uninhibited person will be a better skier (and lover) than a tense, timid, inhibited person. If you enjoy sex, you will enjoy skiing, and if you are capable of good sex, you are capable of good skiing.

(From the Freudian Approach To Skiing, by Jack Heath)

Annual Dinner

Venue for the Annual Dinner this year is The Pickwick Club, City Mutual Building, 60 Hunter street Sydney. Saturday 28th October 1972. Price is expected to be \$6 a head. Please keep this date in mind, there will be a further reminder before hand of course.

A.N.S.F. 1st Class Test

Demonstrate;

1. Parallel turns to the left and right without using stocks.
2. Jump turns to the left and right in fast rhythm.
3. Wedel in soft untracked snow on a descent of 300 to 400 vertical feet
4. Two, no fall, descents of 800 vertical feet using a bumpy and untracked run with steep descents.

This test does not call for racing techniques but rather an outstanding ability for maintaining control at fast speeds.

# ACCIDENT INSURANCE PLAN

OPERATED IN N.S.W. BY THE SKI COUNCIL OF NEW SOUTH WALES  
(AS A SERVICE TO MEMBERS OF AFFILIATED CLUBS)

A unique insurance plan available only to members of clubs affiliated with the A.S.F., through their State Body. For your assistance, all Affiliated Clubs are listed on the back page of this brochure.

The cost of the cover is lower than the premium charged elsewhere on the insurance market, and so is of benefit to all skiers - whether skiing for pleasure or racing.

As you will see, the cover is world wide and is valid for 12 months, so no matter where or how often you ski, there is a full cover against the eventuality of that unexpected - and unwanted - accident.

THE COVER:

- (a) Medical expenses, including charges of any Ski Patrol or Rescue Service, and ambulance fees.
- (b) Legal Liability for acts of negligence causing bodily injury or damage to property of the members of the general public.

THE EVENTS: All accidents on snow covered ground, INCLUDING whilst racing.

TERRITORIAL LIMITS: Anywhere in the world, except Communist Controlled or Dominated Countries.

SUMS INSURED:	(a) Medical Expenses, etc.	\$500.00
	(b) Legal Liability	\$100,000.00

**PREMIUM:** \$8.20 per Head

COMMENCEMENT: 10th June, 1972, for a period of 12 months.

UNDERWRITER: Greater Pacific General Insurance Ltd.,  
101-103 King Street, Melbourne, 3000.

**AGE LIMIT:** The scheme is available to members over the age of 11 and under the age of 65 years.

\* \* \* \* \*

## REMEMBER . . . . .

- (1) The offer is available ONLY to members of Clubs affiliated with the A.S.F., through their State Body.
- (2) If your Club is not a financial member of the State Body, this cover, regrettably, is not available to you.
- (3) You will be covered by the scheme after 10th June, 1972, when your application is received and your cheque cleared, so ACT NOW.

CHRISTMAS  
1972**

PERISHER PLATE - OCTOBER LONG WEEKEND 1972

At long last we have done it and Warrugang are the proud winners of this prestige event for 1972. Congratulations to the participants and our thanks to our official Jurgen Manthey.

This has been described as the best yet race weekend. A record field of teams competed in fine sunny weather, with events well organised by the Perisher Ski Association. Unfortunately the snow was a little tired after a hard season. The Giant Slalom was held on Back Perisher, the Langlauf behind Kosciusko Snow Revellers and a new jump was christened behind Fjellheim lodge.

Prizegiving was held at The Man where we lost the drinking events to Cooma Club. The evening seemed a little more boisterous than usual, and there was a rumour that the entire membership of Cooma club suffered badly from alcoholic poisoning next day.

Our position overall in the competition which included six Perisher Cup teams heavily loaded with acknowledged champions was more than gratifying and we hope to give the Cup a shake next year. Results were:-

Langlauf (All four to count)

M. Wilkinson	11 mins 33 Secs
T. Wilkinson	13 mins 58 Secs
G. Wilkinson	14 mins 01 Secs
R. Tobias	15 mins 38 Secs

## Giant Slalom (Best 3 of 4)

T. Wilkinson	48.01 Secs
G. Wilkinson	48.08 Secs
M. Wilkinson	52.00 Secs
R. Tobias	63.00 Secs

1st position overall including Cup starters

<u>Jump</u> (Best 3 of 4)	<u>Distance</u>	<u>Style Points out of 20</u>
M. Wilkinson	19 metres	17½ points
T. Wilkinson	18½ metres	16 points
R. Tobias	12½ metres	12 points
G. Wilkinson	10½ metres	10 points

<u>FINAL RESULT PERISHER PLATE</u>	<u>1st</u> Warrugang	<u>2nd</u> Kuringai
<u>PERISHER CUP</u>	<u>1st</u> Canberra Alpine	<u>2nd</u> Cooma

PERISHER POT Boonoona  
Warrugang finished 4th overall against ALL starters.

## SOCIAL NEWS

It was reported in the 'Sun Herald' on 28th October last that Warrugang Ski Club held their Annual Dinner and presentation of trophies at the Pickwick Club on the previous Saturday evening. While correctly reporting the facts, the article did not do justice to the marvellous time enjoyed by over one hundred members and friends.

The highlight of the evening was the presentation of trophies by Hans Trumm, President of the Perisher Ski Association. Mr Trumm praised the spirit of Warrugang skiers in holding their own Annual Championship, and being able to field a strong team in the Perisher Plate races. Individual trophies were presented to the winning team of Tony Wilkinson, Michael Wilkinson, Geoff Wilkinson and Robert Tobias. As most members know, the Plate itself is a perpetual trophy and is forfeit at 1973 races. Our Club has joined the other winners engraved on the Plate and a replica has been presented to us for display in the Lodge. This year's successful team would like to remind members that we now have to provide two teams next year, one to represent us in the Perisher Cup and one to represent us in the Perisher Plate. All those members who have had some racing experience are requested to contact the Club Captain prior to our 1973 Annual Races for team selection. Remember, you've got to be in it to win it!

Of course the trophies for our own Annual Races were also presented on this evening, the Ladies' Champion Margaret Emery and Men's Champion Tony Wilkinson; the Ladies' Slalom Kaye Mahler. Full results and individual times are included in this magazine. This year was the tenth Annual Championship and a special new trophy was inaugurated to be known as the 'Two Scorers' trophy. Winners of this trophy for 1972 were Barbara Graham and George Failes.

Presentation of trophies only took up part of the evening, we had a chance to talk to friends over a drink before supper was served and an excellent band provided us with dance music afterwards. This was one of the best evenings we have had and our congratulations go to our social Director, Kaye Mahler.

\*\*\*\*\*

### Saying Of The Week

Bruce Wilkinson in his introductory speech at the Annual Dinner said: 'Ski racers have hearts of lions and brains like a pea!' Well he should know, his own family figured prominently when the trophies were handed out! Whatever their secret let's hope they continue their winning technique next year.

SOCIAL NEWSSEND OFF

Anna Funnell and Kaye Mahler leave Sydney's International Airport on Saturday 3 February 1973 at approximately 3 pm for a skiing holiday in Austria. They would welcome any friends to join them in a farewell-booze-- get-together in the airport lounge that afternoon. Better check the departure time with Anna or Kaye just prior to the day.

STATISTICS

Perisher Ski Patrol effected 462 rescues in the 1972 season, 56 more than 1971. Two guests at Warrugang helped make up the numbers, Stewart Sim broke his leg on 21 September and Rico Annoni broke his leg on 12 August. We understand other members had some unfortunate experiences during the season but were not residing at the Club at the time. Not that this doesn't count, but we can hardly report facts that are not reported to us.

THE CLUB LODGE

PLEASE do not embarrass our lodge manager by 'dropping in' at the Lodge, he has no authority to make bookings. ALL BOOKINGS MUST BE ARRANGED WITH OUR BOOKING OFFICER IN SYDNEY BEFORE PROCEEDING TO PERISHER.

OFF SEASON CATERING

Jurgen and Leslie will not be available to cater to off season guests this summer.

THANK YOU BARBARA!

Thank you Barbara Williamson for your invaluable assistance in our Lodge emergency during 1972 season. How are your jet turns?

OUT OF THE PAST

In chronological order, commencing in 1963, there follows a list of Club Champions; Ladies - B. Wigney, B. Graham, H. Jervie/B. Graham, B. Graham, C. Brew, E. Black, M. Emery, C. Craker, M. Emery, M. Emery (1972) Men; R. Carroll, J. Davenport (1964 to 1967), E. Langer, E. Langer, R. Tobias, T. Wilkinson, T. Wilkinson (1972). We congratulate these members who have helped make our club strong with their support and enthusiasm over the last decade.

Dear Members,

A short time ago Lillian and I had the pleasure of spending a few hours with Bram Van der Kaag. We spent this time, a perfect early summer Copenhagen day, sitting in Tivoli. Anyone who has visited Copenhagen will almost certainly have been to these gardens. Around us were tulips almost 3 feet high and many other beautiful spring flowers. The old capital had again awoken from its winter hibernation.

As we sat, we caught up with all the doings in Australia. We learned of the trials and tribulations of building the Club's extensions, sending silent congratulations to the Board on their hard work and truly excellent result, and secretly wishing we could have been there to lend a hand.

We thanked Bram for the Directors kindness in sending us the magazine so regularly which makes us feel rather closer than perhaps 20,000 kilometres away.

"What can we do in return?" I said. "We haven't been skiing yet, unless you mean up the road and across the fields last winter". "No", said Bram "we understand that, but we know some of the members would like to hear how things are going with you both".

The sun shone warmly and it was pleasant to chat, so we ordered another pint of Carlsberg apiece to go with our Snaps and Danish Smorrebrod and told Bram a little of our doings.

We told him that the school for English students that Warrugang Magazine had said I worked with, was in fact our own school and doing very well. This was, at present we said, in addition to our own full time occupations.

We told him that we had seen a steady stream of Australians in Skaerod, many of them skiers. We had, for example, seen members Warren Rose and John Dickin, ex members Ian and Jill Chaplin, and Bruce Vizard, director of another club in Perisher, to name some.

In return we were told of the new staff at Warrugang, of the Wilko-family's skiing, commercial and real estate prowess, of Myrna's feather bed covers, of George Failes getting "clucky", and many other small but interesting things about the Club and its members.

We told Bram that we felt lucky to have a long list of regular correspondent members to keep us informed of how things were going down under. We told him also we even got the occasional invitation to Christenings and Weddings!

We described our house outside Copenhagen with lots of room, currently occupied only by us two as well as our Doberman (friendly). In return we heard we might expect visitors in the form of Van der Kaag (all six?) next year and even possibly one of the Wilkinson clan. We told him, visitors were most welcome so long as they are prepared to drink Neil's home brewed reds (very rough and potent) and home mulled ales. In true YHA tradition, however, we might expect them to do a quick run around the garden with the lawn mower or shovel snow off the front path (depending on the season).

Bram agreed that this was the sort of thing that might make interesting reading to members and to write something in that vein.  
- So here it is.

With kindest regards

Bob Neil

#### THE STORK

Well, the most recent effort was that of Angela and George Failes who produced an 8 lb boy on 5th October. This latest edition to the skiing world is named Christopher James.  
Leslie and Jurgen Manthey have a little helper now by the name of Sonya Kim, born on 31st August and weighing 7 lb 1 oz.  
June and John Wunder have a second son born in June, an item missed in our last issue.  
Helen and Tony Foster have a son Lachlan born on 22nd August.  
Rosemary and Geoff Ellem have a daughter Catherine born on 15th August.  
Dianna and Neville Ellem have a daughter Michelle born on 17th August.  
Congratulations to these proud parents and their children.

#### FOR SALE

Miss Judy Nicholas has a pair of Blizzard metal skis for sale. They are 185 cm with step in bindings, the skis are in good condition and Judy is asking \$40. A prospective purchaser may wish to give some attention to the front bindings but could otherwise use the skis without any work needed. Judy may be contacted by telephoning 660 - 4079 or 660 - 0522 and asking for extension 2413.
