

Warrugang Ski Club is a long established private, family oriented not-for-profit ski club with a rich history of snow-sport over it's 70 years including the KAC, the Perisher Cup, Pub to Pub and our own championships.

Warrugang is your chance for a real on-snow Ski Club experience among club members — make friends with a diverse group of people who share your love for snow-sport and who enjoy life in the Snowy Mountains throughout the seasons — down-hill & cross-country skiers, snowboarders, snow-shoers, mountaineers, trail-runners, bush-walkers and anglers.

The Club's modern lodge facing Centre Valley and Mount Perisher is not a hotel but staying is a special experience, with a chef-manager in winter providing superb meals and spacious accommodation for 22 guests in 10 rooms, each with the luxury of 2 king singles or a king double bed and each room with an en-suite, so that you can relax and concentrate on your snow-sport.

Available for members to self cater in summer to enjoy bushwalking, cycling and fishing in the tranquillity & beauty of the Snowy Mountains.

Membership enquiries —

Gordon Scholes

gordon.scholes@cacepartners.com.au

You can check the snow over breakfast and plan your day's skiing with other members without having the grind of driving through the traffic.

Your skis, snowboard or snow shoes are downstairs, ready for you to hit the slopes of Perisher, Blue Cow, Smiggins and Guthega — either in externally organised competition or in Warrugang's own competition to win the season's longest distance or most vertical metres skied.

At the end of the day you can enjoy the social life around the Valley before the short walk back to the Lodge for a chef-cooked dinner to discuss the day's events with other club members and their family & friends. Then, you can just sink into the lounge in front of the fire.

MEMBERSHIP

Membership of Warrugang Ski Club Ltd is membership of a company limited by guarantee.

It is not a share that can be sold but, with Board approval, it may be passed to; e.g., family members.
